# BRAND OVERVIEW

## Bell-Horn

*America's First Orthopedic Company.*

Bell-Horn is a proven industry leader you can count on for the highest quality and competitively priced products, complimentary marketing support and outstanding service.

### PROVEN INDUSTRY LEADER

Experience matters. Since 1842, Bell-Horn has offered a full-line of both cash-pay and reimbursable orthopedic bracing and supports. Today, Bell-Horn continues to build on this tradition, offering a comprehensive portfolio of innovative products to service the needs of our customers.

### INNOVATIVE PRODUCT MIX

Whether a weekend warrior, an active baby-boomer, busy business professional or young athlete – Bell-Horn has the product mix to support them. The innovative product designs, no matter if they're

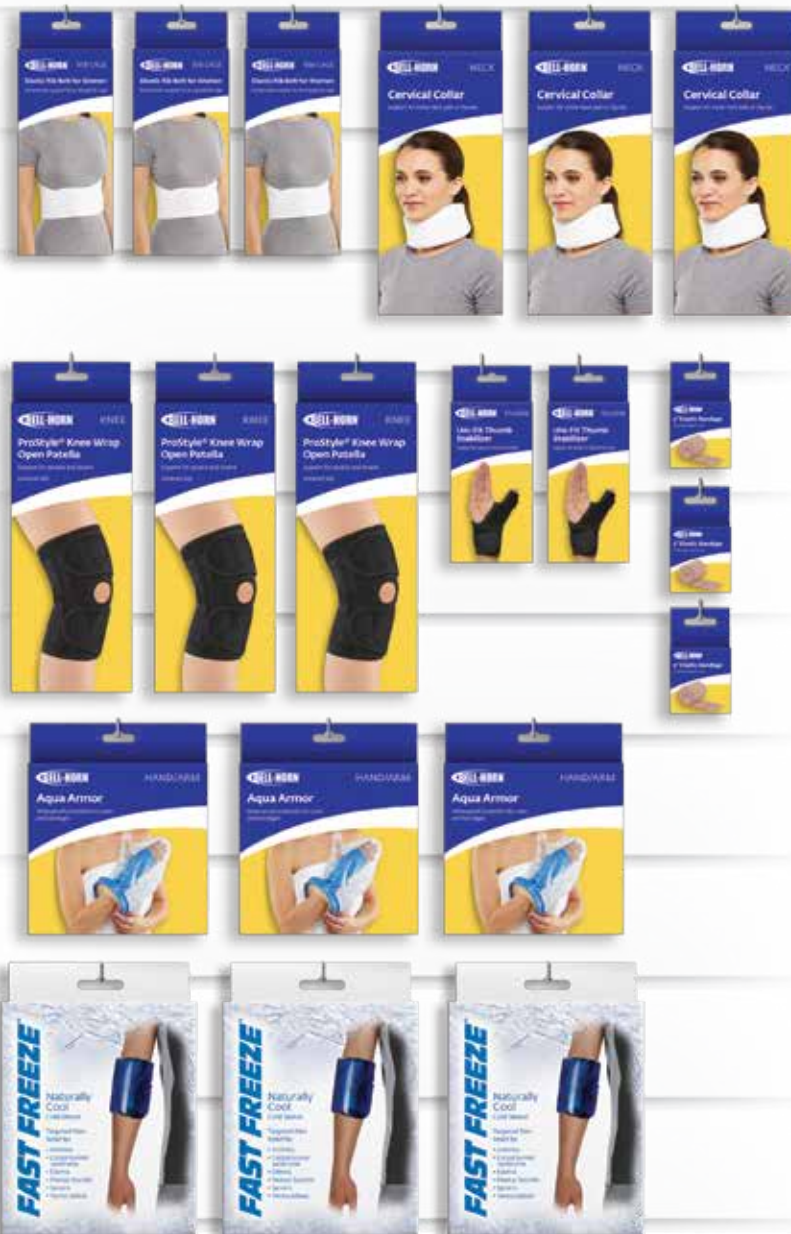

sized or universal, are easily fit and adapted to provide the ultimate level of comfort and pain relief. Manufactured with the highest quality materials on the market, and unique materials like our ProStyle® neoprene, Bell-Horn products are built to last.

### OUTSTANDING SERVICE

We pride ourselves in helping our partners succeed. Our seasoned sales team members are valuable resources with their wealth of industry knowledge and merchandising expertise. High impact packaging, customizable planograms and complimentary marketing and merchandising tools help drive referrals and increase in-store conversions and revenue.

DJO Global – Bell-Horn's parent company, is committed to providing the best in customer experience at all times.

As your trusted single-source for a competitive line of orthopedic products, Bell-Horn makes it easy for you to efficiently build your business.

### JUNIOR CERVICAL COLLAR

Medium density sized foam collar to provide consistent support for pediatrics. Comfortable for night time wear.

**INDICATIONS:** Ideal for supporting the cervical spine in neutral position, and relief of muscle tension and treatment of minor neck pain or injuries (including whiplash).

Part Number	Size	Neck Circum.	Height
PED701	INFANT	9-10.5"	2"
PED702	PEDIATRIC	10-12"	2.5"
PED703	YOUTH	12-14"	2.5"

### VISTA® COLLAR

Innovative height adjustment technology offers six collars in one. The two-piece polyethylene design enhances patient comfort and is easily adjusted with Velcro® tabs. Anterior and posterior flex tabs on the front and back panels provide improved rigidity and durability. The large tracheal aperture provides functional access for the airway management and other essential procedures.

**INDICATIONS:** Motion control of cervical spine flexion, extension and rotation to promote patient recovery.

Part Number	Neck Circum.	Size
BH83160	13-19"	UNIVERSAL

## NECK

### **MEDIUM DENSITY LOW CONTOUR CERVICAL COLLAR**

Medium density low contoured design provides a superior fit for individuals with short necks. Universally sized to provide consistent support across a wide range of neck widths.

**INDICATIONS:** Ideal for supporting the cervical spine in neutral position, and relief of muscle tension and treatment of minor neck pain or injuries (including whiplash).

Part Number	Size	Neck Circum.	Height
BH83030	UNIVERSAL	13-19"	2"

### **LOW DENSITY CERVICAL COLLAR**

Low density sized foam collar to provide consistent support.

**INDICATIONS:** Ideal for immobilization of the neck.

### JUNIOR SHOULDER IMMOBILIZER

Wraparound rib band construction secures by a Velcro® closure. Elastic wrist and humeral cuffs are sewn to rib band and adjustable with contact closure for ease of application. Fits right or left arm. No shoulder strap needed.

**INDICATIONS:** Immobilization of the shoulder after surgery, injury, or cast removal.

Part Number	Size	Rib Circum.
PED901	INFANT	16-22"
PED902	PEDIATRIC	20-26"

### DELUXE SLING AND SWATHE

Cool, lightweight pile/foam construction provides patient comfort during rehabilitation following surgery or dislocation. Two over-the-shoulder crisscross straps with a slide buckle for proper strap adjustment, attach to the sling with contact closure to ensure proper weight distribution and ease of use. Fits right and left.

**INDICATIONS:** Immobilization of the shoulder after surgery, injury, or cast removal.

Part Number	Size	Rib Circum.
BH84230	UNIVERSAL	UP TO 54"

# ABDOMINAL & RIB

## ABDOMINAL SUPPORT

Three panel elastic abdominal support with soft cotton/flannel lining for comfort. Three panel design provides uniform compression, and helps prevent panel rolling. Contact closure for ease of application and adjustments.

**INDICATIONS:** Compression and support for strains and weakness of the abdominal area, including post-natal or post-surgical applications.

**R 4 8**

Part Number	Size	Waist Circum.
167	S/M	30-45"

## ABDOMINAL & RIB

R 4 8

### ELASTIC RIB BELT FOR MEN

6" elastic single breathable panel belt. Contact closure for ease of application.

**INDICATIONS:** Compression and support for fractures and strains to the rib cage.

Part Number	Size	Rib Circum.
BH89050	UNIVERSAL	28-50"
BH89051	2X/3X	50-60"

R 4 8

### ELASTIC RIB BELT FOR WOMEN

6" elastic single breathable panel belt. Contact closure for ease of application.

**INDICATIONS:** Compression and support for fractures and strains to the rib cage.

Part Number	Size	Rib Circum.
BH89060	UNIVERSAL	28-50"
BH89061	2X/3X	50-60"

R

### MATERNITY SUPPORT

Lifts and supports your abdomen and transfers the weight evenly and comfortably to provide pain relief across the back, hips and abdomen. Helps reduce strain on soft tissue. Adjustable to expand as your pregnancy progresses, and low profile to wear discretely under clothes. Made with soft elastic, not made with natural rubber latex.

**INDICATIONS:** Helps to relieve lower back discomfort during pregnancy.

Part Number	Size	Pre-Pregnancy Dress Size
319S	S	3 - 8
319M	M	9 - 14
319L	L	15 - 18
319XL	XL	19+

R

### POSTPARTUM SUPPORT

Provides light compressive support to the abdomen after delivery, including C-Section deliveries, for quick and comfortable healing. Low profile design with contact closure for maximum comfort and ease of adjustment.

**INDICATIONS:** Postpartum recovery.

Part Number	Size	Waist Circum.
320S	S	24-30"
320M	M	32-38"
320L	L	40-46"
320XL	XL	48-54"

### 10" ABDOMINAL BINDER

Sized woven elastic abdominal binder for compressive and comfortable support. Contact closure for ease of application and adjustment.

**INDICATIONS:** Compression and support for strains and weakness of the abdominal area.

Part Number	Size	Waist Circum.
89320S	S	24-30"
89320M	M	31-36"
89320L	L	37-42"

893203X	3X	55-60"
893204X	4X	60-65"
893205X	5X	66-71"
893206X	6X	72-77"

### 8" ABDOMINAL BINDER

Sized woven elastic abdominal binder for compressive and comfortable support. Contact closure for ease of application and adjustment.

**INDICATIONS:** Compression and support for strains and weakness of the abdominal area.

Part Number	Size	Waist Circum.
89760S	S	24-30"
89760M	M	31-36"
89760L	L	37-42"
89760XL	XL	43-48"
897602X	2X	49-54"
897603X	3X	55-60"

# BACK

## CRISSCROSS SACRO-LUMBAR SUPPORT

10" elastic crisscross support with compression straps for customizable support. Four 9" contoured stays provide comfort while providing additional support.

**INDICATIONS:** Support and compression for strains or sprains of the low back and abdominal area.

**R 8**

Part Number	Size	Waist Circum.
BH89183	S	24-30"
BH89185	M	30-36"
BH89187	L	36-42"
BH89188	XL	42-50"
BH89189	2X	50-56"
BH89189-10	3X	56-62"

R 4 8

### PULL-IT

Universal design and uniquely comfortable fitting brace reduces the amount of stress and strain on your back allowing you to return to your active lifestyle. Easy pull adjustments providing controlled, comfortable and custom level of compression. Low profile design and fit allows for wear during activities. One of Bell-Horn's top sellers.

**INDICATIONS:** Provides relief of discomfort associated with strain and sprains; aids in proper alignment while sitting and standing for prolonged periods of time.

Part Number	Size	Waist Circum.
99505	UNIVERSAL	32-51"

R

### SPINE BRACE

Ergonomically shaped lightweight panels and flexible pulley system provide effective support and compression while comfortably contouring and conforming to the patient's body. Low-friction flexible pulley system has a quick, one-hand adjustment providing controlled, comfortable and custom level of compression. A favorite of physicians and patients.

**INDICATIONS:** Provides relief of discomfort associated with strain and sprains; aids in decompression of the spine and in proper alignment while sitting and standing for prolonged periods of time.

Part Number	Size	Waist Circum.
99510S	S	25-30"
99510M	M	30-35"
99510L	L	35-40"

995103X	3X	50-55"
995104X-5X	4/5X	56-68"

R 4 8

### LOW CONTOUR LUMBAR SACRAL SUPPORT

Low profile design with a unique ventilated elastic construction making it cool and breathable. Four flexible stays help prevent rolling.

**INDICATIONS:** Support and compression for strains, and sprains of the low back and abdominal area.

Part Number	Size	Waist Circum.
307S	S	24-30"
307M	M	30-38"
307L	L	38-46"
307XL	XL	46-54"
307XXL	2X	54-62"
307XXXL	3X	62-70"

R

### INDUSTRIAL BACK SUPPORT

8" black, mesh back support. Double-pull elastic compression suspenders. Lightweight design with duo-adjustment contact closures for variable compression.

**INDICATIONS:** Helps to prevent and protect back injuries.

Part Number	Size	Waist Circum.
170S	S	24-30"
170M	M	30-36"
170L	L	36-42"
170XL	XL	42-50"
1702X	2X	50-56"

## BACK

R

### BACK BRACE

Universal back support with removable lumbar pad compresses yet cushions the lower back for focused support. Dual strap design allows for a more precise fit to ensure the abdomen and lower back are properly supported.

**INDICATIONS:** Support and compression for strains or sprains of the low back and abdominal area.

Part Number	Size	Waist Circum.
99400	UNIVERSAL	28-50"

### AQUAFLEX 3-POINT HYPEREXTENSION BRACE

Lightweight yet strong hyperextension brace made with a contoured aluminum frame and a cushioned posterior pad, which can be oriented horizontally or vertically to provide maximum comfort. Features a dynamic pivoting hinge which allows the self-adjusting spring loaded pelvic bar to move and provide comfort to the patient while sitting or standing. Offered in a wide variety of sizes to make it easy to properly fit the brace.

**INDICATIONS:** Helps extend or hyperextend the spine to promote immobilization and to reduce spine and back pain. It stabilizes and controls the body along with the lower lumbar spine.

Part Number	Size	Waist Circum.	Sternum to Pubis Length
10003	S	23.5-28"	12.5"
10004	M-SHORT	29.5-35"	12.5"
10005	M	29.5-35"	13.5"
10004M-L	M-LONG	29.5-35"	15"
10006	L-SHORT	35-41"	13.5"
10007	L	35-41"	15"
10008	XL	41-45"	16"
10009	XL-SHORT	41-45"	15"

R

### DELUXE SACRO-LUMBAR SUPPORT

Elastic support with double side pull compression straps. Abdominal belt for additional support. Helps alleviate pain caused from muscle strain by relieving stress on the lower spine.

**INDICATIONS:** Support and compression for strains, and sprains of the low back and abdominal area.

Part Number	Size	Waist Circum.
224S	S	24-30"
224M	M	30-36"
224L	L	36-42"
224XL	XL	42-50"
224XXL	2X	50-56"
224XXXL	3X	56-62"
225	UNIVERSAL	33-48"

### SPINALITE

Functional, dynamic support with a light structure in aluminum alloy that extends and immobilizes the spinal column. The support is provided by the pressure of the paravertebral bars and by the counter-pressure of the shoulder straps. Together with the semi-rigid pelvic band, it holds the vertebral column in a physiologically natural position. Cinching the waist straps helps straighten the patients back.

**INDICATIONS:** Immobilization of the spine for Osteoporosis, or vertebral collapse.

Part Number	Size	Length	Hip Circum.
10090XS	XS	12-14"	23-37"
10090S	S	14-16.5"	23-41"
10090M	M	16.5-19"	32-45"
10090L	L	19-21"	39-51"
10090XL	XL	21-23"	39-51"

### TRI-MOD SYSTEM PLUS

Rigid unibody frame that provides superior, posterior and lateral support. Extremely lightweight, impeccable construction, breathable side panels and a flexible pulley system, insure greater conformity. This brace produces intracavitary pressure to reduce the load on the intervertebral discs.

**INDICATIONS:** Provides spinal support from T9 - S1. Ideal for laminectomy, disectomy, multiple level fusion, spondylolisthesis, spondylolysis, posterior lateral fusion, multiple level decompression, chronic mechanical back pain.

Part Number	Size	Waist Circum.
10085S	S	25-30"
10085M	M	30-35"
10085L	L	35-40"
10085XL	XL	40-45"
100852X	2X	45-50"
100853X	3X	50-55"

### PREMIUM PLUS

Dynamic panels and flexible pulley system panels that comfortably contours and conforms to each patient's body. 6:1 ratio, low-friction flexible pulley system provides powerful, smooth and easily-controlled one-hand adjustments providing controlled compression and support. Lightweight, breathable construction combines with contouring panels for increased comfort and support.

**INDICATIONS:** Provides rigid anterior and posterior compression from T9 - S2. Ideal for herniated discs, disc protrusions, spinal stenosis, degenerative disc disease, moderate to severe lumbar strains/sprains, arthritis.

Part Number	Size	Waist Circum.
99512S	S	25-30"
99512M	M	30-35"
99512L	L	35-40"
99512XL	XL	40-45"
995122X	2X	45-50"
995123X	3X	50-55"
995124X-5X	4/5X	56-68"

**R**

### SI BELT

A flexible sacroiliac orthosis with a breathable mesh belt. The low-friction flexible pulley system has a quick, one-hand adjustment providing controlled compression and support. Significantly reduces motion about the sacroiliac joint, while providing unmatched compressive support.

**INDICATIONS:** Stabilization and compression for the SI joint.

Part Number	Size	Waist Circum.
99500	UNIVERSAL	23-50"

**R 8**

### POSTURE CONTROL BRACE

Designed to gently keep the shoulders back for proper posture control. Reinforced design helps restore appearance and reduce back strain.

**INDICATIONS:** Ideal to help treat back strain and postural problems.

Part Number	Size	Chest Circum.
226	UNIVERSAL	UP TO 48"

### FLEX POWER PLUS

Posterior panel and flexible pulley system in an intermediate brace that comfortably contours and conforms to each patient's body. 5:1 ratio, low-friction flexible pulley system provides powerful, smooth and easily-controlled one-hand adjustments providing controlled compression and support. Lightweight, breathable construction combines with contouring panels for increased comfort and support.

**INDICATIONS:** Provides support for mild lower back pain, from L1 - S1. Ideal for thoracolumbar injury, revision surgery, and multi-level fusion.

Part Number	Size	Waist Circum.
99511S	S	25-30"
99511M	M	30-35"
99511L	L	35-40"
99511XL	XL	40-45"
995112X	2X	45-50"
995113X	3X	50-55"

### SACRO-CINCH WITH STAYS

One-way stretch elastic with hook 'n pile closures and two removable pre-bent steel stays. Separate adjustable cinch-pull strap secured to wide elastic back sling gives added abdominal and lower back support.

**INDICATIONS:** Support and compression for strains or sprains of the low back and abdominal area.

Part Number	Size	Waist Circum.
89310XS	XS	26-29"
89310S	S	30-32"
89310M	M	34-36"

# FAST FREEZE®

## Naturally Cool

Naturally Cool, Fast Acting Pain Relief. Fast Freeze is an alternative to pain medication delivering pain relief where it's needed most. The topical analgesic delivers soothing, penetrating pain relief from sore muscles and joints, backaches, and arthritis. Fast Freeze is a colorless formula that is 100% paraben free.

**Natural ingredients include:** Menthol, Aloe\*, Ilex\*, and Vitamin E\*. Menthol: Derived naturally from peppermint oil, Menthol is a very mild local anesthetic which can be applied directly to the skin delivering a cool sensation to the applied area. Menthol offers short-term relief for aches associated with arthritis as well as general muscle sprains and other similar conditions. Aloe: Dried leaf juice from the aloe plant. Ilex: Herbal extract from the holly plant. \*These ingredients are inactive.
